

Expansions zones made by Accentis in Campus Námestovo

This year we received request from one of our main tenant for external warehouse in our industrial park Campus Námestovo.

Building was built in two months, and best place for them was chosen north part of Campus, close to their warehouse. New warehouse has 1008m² with concrete manipulations zone cca 400m².

According this experiences we can offer expansions zones firstly for our tenants in Campus Námestovo.

In case your company needed more warehouse or production space do not hesitate to contact our side management for quotation.
